

## Thank you!

During the 2013 fiscal year, more than 780 individuals, 103 businesses and 15 foundations invested in Family Tree Clinic. Over 65 volunteers gave more than 3,600 hours of time – most as volunteer sexual health educators and community outreach representatives. We are also governed by a dedicated volunteer board of directors.

Bottom line: we are a small, nonprofit, community clinic with big goals and impact. And because of *you*, we are delivering on our mission to eliminate health disparities.

## What We Do

We provide family planning services, sexual health education and clinic services, as well as operate the MN Family Planning + STD Hotline. While much of what we do results in concrete and exciting outcomes (see reverse side), what is more difficult to measure is hope and the feeling of security our clients experience. In fact, the **#1 thing we heard from our patients this past year was “I feel safe here.”**

## How We Get It Done

You're the reason we're able to help the people who walk through our clinic doors. Because of your generosity and commitment to our community, we have never turned a patient away if they couldn't pay. Everything we do is only possible because of you.

## What's next

As a result of your support, we are expanding our services! This fall we'll be rolling out Minor Illness Care (think treatment for flu, strep throat, ear wax removal, additional vaccinations, and wellness coaching like smoking cessation), along with virtual services such as birth control and appointment text reminders. Thank you for investing in Family Tree Clinic!

# Annual Highlights for 2013

3,000

Individuals received care at Family Tree Clinic

Our average patient is under 30, makes less than a thousand dollars a month and doesn't have health insurance.

We responded to over 2,500 texts, web chats and phone calls on the MN Family

Planning + STD Hotline – the only hotline like it in the state.

“I feel safe here.”

100% of our patients would recommend Family Tree Clinic to others.

Over the past four years, we've seen a

43%

increase in self-identified LGBT\*Q patients.

Our very own Denise Anderson, Community Health Worker for the Deaf Community, received a Domestic Violence Purple Heart Volunteer in the Deaf Community award from

Communication Services for the Deaf of MN. She was honored for her many years of volunteer service in the area of domestic violence.

84%

of every dollar donated goes directly to programming. 15% runs the clinic and a mere 1% goes towards fundraising.

Our community sexuality educators taught to over 12,000 individuals, including homeless and incarcerated youth in the Twin Cities and Deaf, DeafBlind, and Hard of Hearing folks.

Family Tree Clinic

Our specialty is you
